“The Nature Spirits are waiting to be reunited with us, and as emissaries of higher spiritual beings, they wish to be of great assistance to us at this time, but we have to step into their world and meet them in their own territory. It is time to engage in dialogue and relearn a living world wisdom from the elemental kingdom.”

\*Nature Spirits: The Remembrance

How do we contact them? How do we learn from them? How do we begin to co-create with them? How do we enter the dream of the elemental world?

**At this gathering in the peaceful sanctuary of The Christian Community church in Stourbridge we will be exploring the methods used for seership and communication described by the philosopher, scientist and seer, Rudolf Steiner. We will be focusing on ways in which we can build a line of communication with the Nature Spirits, in order that we may receive information and insight into their world.**

Susan describes the activities of these beings, in the landscape, in plants and in human beings.

By working together with the elementals - which reside in earth, water, air and fire - we can become responsible co-creators at this critical time in our evolution.

On Saturday morning Rev. Erhard Keller and Rev. Siobhán Porter will be celebrating the Act of Consecration of Man. After the service they will each be presenting a talk on the mystery of the Reappearance of Christ in the Etheric and the significance this will have on the subtle realms of the Nature Spirits.

**Susan Raven** is an experienced workshop facilitator and a long time student of Anthroposophy. She has worked with the methods and exercises prescribed by Rudolf Steiner for seeing into the supersensible realms, and has also trained with Dorian Schmidt, director of the Biodynamic Research Institute.

Susan is author of the book '*Nature Spirits: The Remembrance: A guide to the Elemental Kingdom*', featured in the Cygnus magazine, Nexus, Star & Furrow and Caduceus.

### **Reviews:**

"Your workshops have real substance!"

"Inspiring, fascinating, it opened up the potential for doing something really useful in the world."

"Susan is providing such a high level of reinforcement for all we have seen, sensed and co-created with Spirit. I will be going over and over her writings in her book, so that I can find as clear a way as possible into the kingdoms with whom we are sharing this life."
